This policy is protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. Nature and Objective of the Plan:

This plan is a Non-participating limited premium payment term policy that provides financial protection against death, Total and permanently disability and Terminal illness for the period of the policy term. This plan does not have any cash values. At Expiry date, if We have not paid out any claims, the policy will end and no benefits will be payable.

This plan is available for policy term of 6 to 40 years or up to Age 75, whichever is earlier.

PLAN BENEFIT:

The Sum insured of this plan reduces on a monthly basis based on the selected interest rate and policy term from Policy commencement date onwards.

1. Death Benefit

Upon death of the Life insured, We will pay the reducing Sum insured less any amounts owing to Us. When We make this payment, the policy ends.

While We assess the death claims, if the claimant needs financial assistance to prepare the funeral, We may consider offering an immediate payment of up to S\$3,000 per Life insured. This funeral expense financial aid, if given, will be deducted from the final death benefit to the claimant. Our advance payment of this financial aid does not mean We have approved the death claim. If the death claim is not approved later, after Our assessment, We have the right to ask You to return this advance payment.

2. Total and Permanent Disability (TPD) Benefit

If the Life insured becomes totally and permanently disabled on or before reaching the Policy anniversary when he attains Age 70 while the policy is in force, We will pay the death Benefit in one lump sum.

The maximum aggregate amount payable is Four Million Singapore Dollars (SGD 4,000,000) per Life insured for all policies and riders issued by Us with TPD Benefits.

If the TPD Benefit payable is lesser than death Benefit, the death Benefit will be automatically reduced by the amount paid for the TPD. The policy remains in force and the remaining death Benefit is the original death Benefit less the amount paid for TPD.

If the TPD Benefit payable is the same as the death Benefit, the policy ends when We make this payment.

Total and permanent disability is a disability that lasts continuously for at least 180 days, which the Doctor considers permanent and expects it to last throughout the lifetime of the Life insured. This means one of the following:

 - Total and irrecoverable loss of sight in one eye and loss of one limb at or above the wrist or ankle.
- iii. A disability where the Life insured cannot do at least 3 out of 6 Activities of Daily Living without physical help from another person or mechanical equipment.

The 6 Activities of Daily Living are:

Washing - The ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash by other means.

Dressing - The ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical or medical appliances.

Feeding - The ability to feed oneself food after it has been prepared and made available.
