Details of Product Provider

Manulife (Singapore) Pte. Ltd. (we, our, us) (registration number 198002116D) is the product provider and underwriter for this policy. This policy is distributed through our representatives or appointed distributors only. You may contact us for claims under this policy. Contact details: 8 Cross Street #15-01, Manulife Tower, Singapore 048424 Tel: 67371221, Website: www.manulife.com.sg.

Product Description

Manulife GrowSecure is a limited-pay, regular premium participating endowment plan. It offers a premium term of 5, 8 or 10 years with a policy term of either 16 or 18 years. This plan is designed to help you grow your wealth over the medium-term horizon.

The life insured will be covered for death and terminal illness during the policy term. If the life insured is diagnosed with total and permanent disability before the end of the premium payment term of the policy, all future premiums will be waived. An accidental death benefit will be payable upon the accidental death of the life insured before age 80. This plan pays a maturity benefit at the end of the policy term.

This plan allows you to take part in the performance of the participating fund, in the form of bonuses that are not guaranteed. To find out more about participating policies, you may refer to the industry guide on participating policies which is available on our website or the Life Insurance Association (LIA) website at www.lia.org.sg. You can also request a copy of the guide from your financial adviser representative.

Note:

"You" / "your" relates to the policy owner. For a single-life policy, the life insured will also be the policy owner.

Product Benefits

1. Maturity Benefit

If the life insured is alive on the maturity date and the policy is still in force, you will receive the following in one lump sum, less any amount owing to us:

- (a) the guaranteed maturity value;
- (b) the accumulated reversionary bonus (if any); and
- (c) the non-guaranteed maturity bonus (if any).

Upon payment of the maturity benefit, this policy will end.

Please see the policy illustration for the illustrated maturity benefit you may receive at the end of the policy term.

2. Death Benefit

If the life insured dies during the policy term, we will pay the following in one lump sum, less any amount owing to us:

- (a) the higher of
 - (i) 105% of (the total premiums paid on the basic plan less any advance premiums paid; or
 - (ii) the guaranteed surrender value;
- (b) the accumulated reversionary bonus (if any); and
- (c) the non-guaranteed claim bonus (if any).

Upon payment of the death benefit, this policy will end.

3. Accidental Death Benefit (ADB)

In the event of the accidental death of the life insured before the policy anniversary immediately after his / her 80th birthday while the policy is still in force, we will pay the ADB in addition to the death benefit. The ADB is 50% of the total premiums paid to date (excluding any advance premiums).

This benefit is written on the non-participating fund so it will not benefit from the performance of the participating fund.

Limits of compensation

The most we will pay under this policy and all other policies we have issued covering the same life insured for ADB is S\$1,500,000. This policy will remain in force if we have not paid the full sum insured following the ADB claim. Please see the policy contract for details.

4. Terminal Illness (TI) Benefit

If the life insured is diagnosed with a TI while the policy is still in force, we will pay the death benefit in a lump sum in advance.

Definition of TI
Any condition caused by illness or injury, where at the time of claim, despite all reasonable medical treatment, the life insured is expected to live for no more than 12 months.
The medical examiner treating the condition must provide supporting evidence of the condition, possible medical treatment, the prognosis after undergoing the possible medical treatment, and certify that the life insured is expected to live for no more than 12 months despite all possible medical intervention. We reserve the right to appoint an independent medical examiner who is an expert in the condition to confirm the diagnosis and prognosis.
TI in the presence of human immunodeficiency virus (HIV) infection is excluded.

Limits of compensation

The most we will pay for this policy and all other policies we have issued covering the same life insured for any TI benefit and critical illness benefit is S\$2,000,000 (TI/CI Limit), of which TI benefit cannot be more than S\$1,000,000 (TI Limit). The payment of the TI benefit will reduce the TI/CI limit and TI limit respectively by the amount we have paid. This policy will remain in force based on the reduced sum insured for all the other applicable benefits if we have not paid the full sum insured following the TI claim. Please see the policy contract for details.

5. Waiver of premium on Total and Permanent Disability (TPD) Benefit

If the life insured suffers a TPD before the policy anniversary immediately after his or her 70th birthday (TPD expiry date) or before the end of the premium payment term of the policy (whichever is earlier), we will not charge the future premiums on the basic plan.

This benefit is written on the non-participating fund so it will not benefit from the performance of the participating fund.

Quick Guide

This example below is solely intended for illustrative purposes on what TPD covers.

Please refer to the table below for the full set of definitions and details.

6. Change of Life Insured Option

You may request to change the life insured after 2 years from the policy issue date, subject to our prevailing administrative and underwriting requirements. You must have an insurable interest on the new life insured at the time of change. We reserve the right to levy an administration fee if we accept your request.

Where the owner of the policy is:

- (a) A corporation, you may request to change the life insured under this policy during the policy term and there is no limit to the number of times you may do so.
- (b) An individual or organisation which is not a corporation, you may request to change the life insured under this policy no more than twice during the policy term per policy.

Please refer to the policy contract for more information.

7. Premium Freeze Option

You may apply to stop paying premium (freeze the policy) for 1 year while keeping your policy in force, provided that the policy has been in force for at least 2 policy years and you have made 2 annual premium payments in full.

Once we approve your application, you are not required to pay premiums (including premiums for any attaching supplementary benefit) for 1 year on the next premium due date. The premium payment term and maturity date will be deferred by 1 year.

You may apply:

- 1 time, if your selected premium payment term is 5 years; or
- up to 2 times, if your selected premium payment term is 8 or 10 years.

During the premium freeze period, the following shall apply:

- (a) policy remains in force;
- (b) policy anniversary date remains unchanged;
- (c) no premium is payable;
- (d) basic benefit and any attaching supplementary benefit will remain applicable;
- (e) reversionary bonus will not be declared;
- (f) accumulated reversionary bonus will be compounded based on the yearly compounding rate declared by us;
- (g) guaranteed surrender value and non-guaranteed surrender bonus rate will remain at the same value as at before the premium freeze option is activated;
- (h) the benefit end date for the death benefit and TI benefit will be extended by an equivalent period of 1 year for each time the premium freeze option is exercised;
- (i) the benefit end date for the ADB will be extended by an equivalent period of 1 year for each time the premium freeze option is exercised, up to the ADB expiry date, whichever ends earlier;
- (j) the benefit end date for the waiver of premium on TPD benefit will be extended by an equivalent period of 1 year for each time the premium freeze option is exercised, up to the TPD expiry date, whichever ends earlier; and
- (k) reduced paid-up insurance is not applicable.

Please refer to the policy contract for more information.

Bonus Features

The benefits shown in the policy illustration are based on the following illustrated investment rates of return.

1. Reversionary Bonus

We may declare a bonus every year. The bonus rate is non-guaranteed.

We will guarantee to pay reversionary bonuses which have been declared, no matter how the participating fund performs. However, if you surrender the policy, we will pay the surrender value of the accumulated reversionary bonus. This will be less than the accumulated reversionary bonus that has been declared and guaranteed.

Once reversionary bonus is allocated, it will form part of the guaranteed benefits of this policy and will not be affected by any subsequent years' revisions. The accumulated reversionary bonus will be payable upon death, TI or on the policy maturity date.

Reversionary Bonus	At Illustrated Investment Rate of Return @ 4.25% p.a.
Per S\$1,000 sum insured	S\$2.00
Annual compounding rate throughout the policy term	0.20%

The compounding rate is used to calculate the interest that is added to the accumulated reversionary bonuses and interest which is built up on the reversionary bonuses.

2. Maturity Bonus

We may declare a non-guaranteed maturity bonus. This bonus is payable upon the maturity of the policy. It is expressed as a percentage of the accumulated reversionary bonus.

At Illustrated Investment Rate of Return of 4.25% p.a.		
Premium Term	Policy Term: 16 years	Policy Term: 18 years
5 years	2104%	2308%
8 years	1734%	1963%
10 years	1484%	1713%

3. Surrender Bonus

We may declare a non-guaranteed surrender bonus. This bonus is payable when you surrender this policy, if the policy is still in force, and it will be available after the start of the 3rd policy year.

It is expressed as a percentage of the surrender value of the accumulated reversionary bonus.

In comparison, at an illustrated investment rate of return of 3.00% per annum, the reversionary bonus rates, surrender bonus rates, claim bonus rates and maturity bonus rates are expected to be adjusted downwards depending on the future outlook of the participating fund.

Please refer to the policy illustration for the bonuses amount at the illustrated investment rate of return of 3.00% per annum and 4.25% per annum respectively. The two rates are used purely for illustrative purposes and do not represent upper and lower limits of the investment performance of the participating fund.

As the bonus rates used for the policy illustration are not guaranteed, the actual benefit we pay may vary according to the future performance of the participating fund that this policy is invested in. Please note that the actual bonuses that may be declared in the future may turn out to be higher or lower than illustrated in this section.

Future bonuses which have yet to be allocated in this policy, are not guaranteed. We will decide the level of bonus to be declared each year (if any) as approved by our board of directors, taking into account the written recommendation by our appointed actuary.

All guaranteed benefits, including bonuses which have already been allocated to your policy, will be paid regardless of the performance of the participating fund.

Main Product Conditions

The following are some of the conditions in the policy contract. This is only a brief summary and you should read the actual terms and conditions in the policy contract. Please consult your financial adviser representative if you need more explanation.

1. **Paying Premiums**
Premiums are level and guaranteed and you will need to pay them throughout the premium payment term.
2. **Free Look**
You may cancel this policy by writing to us within 14 days after you receive this policy. If you decide to cancel your policy during this period, we will refund your premiums, without interest and less any medical or other expenses, to you. If we send this policy to you by post or email, we will consider it to have been delivered and received by you 7 days after the date of posting or email sent.
3. **Surrender Benefit**
As long as the premiums are paid up to date, you will receive the following in one lump sum less any amount owing to us, when you surrender or end the policy after the start of the 3rd policy year:
 - (a) the guaranteed surrender value;
 - (b) the non-guaranteed surrender value of the accumulated reversionary bonus (if any); and
 - (c) the non-guaranteed surrender bonus (if any).

The guaranteed surrender value is expressed as a percentage of the sum insured. You can refer to the guaranteed surrender value (applicable to your policy) in the policy illustration.

4. Ending the Policy

The policy will end:

- (a) when we receive your request in writing to end this policy;
- (b) when it lapses;
- (c) when the life insured dies;
- (d) on the benefit end date shown on the schedule page or endorsement; or
- (e) upon the full acceleration of the death benefit, due to TI claim or any supplementary benefit that accelerates the death benefit, whichever happens first.

5. General Exclusions

There are certain conditions which no benefits will be payable under this policy as listed below. Please refer to the policy contract for the full details of the exclusions.

Death Benefit

If the life insured commits suicide within one year from the policy issue date or the date this policy is reinstated, we will not pay the death benefit and will refund all premiums paid without interest and less any medical or other expenses we had to pay in connection with this policy.

ADB

No benefit shall be payable if the accidental death is directly or indirectly, wholly or partly caused by, or arising from or is contributed to by the following:

- (a) self-inflicted injuries or suicide, while sane or insane;
- (b) bodily infirmity, or mental or functional disorder, or illness or disease of any kind, or any infection other than an infection occurring simultaneously with and in consequence of a cut or wound of an accidental injury;
- (c) the taking of poison, voluntarily or involuntarily;
- (d) any injury sustained:
 - (i) while on duty in any navy, army, air force, military, firemen, civil defence, police or any other law enforcement organisation;
 - (ii) as the result of the action of any armed forces, or accident or violence arising by reason of the existence of a state of armed conflict;
 - (iii) as the result of participation in any aerial activity including parachuting and sky diving;
 - (iv) as a result of travel in any type of aircraft other than as a crew member or fare paying passenger on a regularly scheduled passenger flight of an international commercial airline;
 - (v) as a result of committing, attempting or provoking an assault or crime or any violation of the law by the life insured;
 - (vi) while under the influence of alcohol or drugs;
 - (vii) as a result of racing of any kind other than on foot; or
 - (viii) as a result of participation in any underwater activity.

TI Benefit

We will not pay the TI benefit if the TI is caused by human immunodeficiency virus (HIV) infection.

Waiver of premium on TPD benefit

We will not cover any disability or condition caused by:

- (a) any self-inflicted injury or attempted suicide, while sane or insane;
- (b) the life insured being under the influence of any narcotic, alcohol, gas or fumes, voluntarily taken, administered, absorbed or inhaled or drugs not prescribed by a medical examiner;
- (c) war or any act related to war, or service in the armed forces or in a civil defence force supporting any country at war except for peacetime national service duties;
- (d) riot, insurrection, civil commotion, strikes or terrorist activities, unless the life insured is a victim;
- (e) injuries suffered while travelling on any aircraft, except:
 - (i) as a fare-paying passenger or a crew member (including the pilot) on an aircraft licensed for passenger service and operated by a regular airline on a scheduled route; or
 - (ii) an aircraft operated by the Republic of Singapore Air Force; or
- (f) any pre-existing condition.

Pre-existing condition means (a) the diagnosis of any condition listed in Table A; or (b) the occurrence of any of the following events in relation to any condition listed in Table A, before (1) the policy issue

date, (2) the date we approve your change of life insured request, or (3) the most recent reinstatement date of this policy, whichever is the latest, and:

- (i) such condition has presented sign or symptom which you or the life insured was aware of or should have been aware of, and should have sought medical advice or treatment;
- (ii) treatment, test or investigation was recommended by or received from a medical examiner for such condition; or
- (iii) the life insured has arranged or received medical consultation, test or investigation for such condition.

Table A – List of Conditions

1	AIDS/HIV infection	11	Motor neuron disease
2	Aplastic anaemia, Thalassaemia major or blood disorders	12	Multiple sclerosis
3	Auto-immune diseases	13	Muscular dystrophy
4	Cancer	14	Paralysis (Hemiplegia/Paraplegia/Quadriplegia)
5	Dementia/Alzheimer's disease	15	Parkinson disease
6	(a) Diabetes with complications; (b) Diabetes with Hypertension; (c) Diabetes with Hyperlipidaemia; (d) Diabetes with Hypertension and Hyperlipidaemia; or (e) Hypertension with Hyperlipidaemia, in an individual whose subsequent claim is due to stroke, heart attack, kidney damage, diabetic neuropathy, or diabetic retinopathy	16	Psychiatric or mental illness
7	Illnesses/conditions which led to a joint/limb/spinal/eye/mental condition	17	Pulmonary hypertension
8	Ischaemic heart disease/Coronary heart disease, heart valves disorders or arrhythmia (irregular heartbeats)	18	Renal failure or renal dialysis
9	Liver disorders, liver cirrhosis, hepatic encephalopathy or liver failure	19	Rheumatoid arthritis
10	Lung disease	20	Stroke/Cerebrovascular disorders, tumour of the brain or Arteriovenous Malformation

Impact of Early Surrender

- As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Please see the policy illustration for the loss or low returns you may suffer if you surrender the policy early.
- For this product, the surrender value is only available after the start of the 3rd policy year, as long as the premiums are paid up to date.

Investment of Assets

- The investment strategy aims to make the most of the long-term returns needed to meet all expected benefits of the participating fund. The aim is to maintain the solvency of the fund at all times and meet the guaranteed benefits, as well as reinforce our strength and ability to take advantage of new opportunities.

The strategic and current asset allocation for the participating fund that this product is invested in is as follows:

Asset Class	Strategic Asset Allocation			Current Asset Allocation as of 31 Dec 2024
	Target	Minimum	Maximum	
Fixed Income	70.0%	64.0%	76.0%	69.5%
Public Equity	25.0%	24.0%	36.0%	23.9%
Private Equity	2.5%			5.0%
Real Estate	2.5%			1.6%

The targets and ranges for each of the classes of asset may change in the future.

2. At the fund level, the current asset allocation is close to the target asset allocation. Fixed income includes both government and corporate bonds, and is aimed at meeting the bulk of guaranteed liabilities. Equities and real estate provide potentially higher returns to provide for the non-guaranteed bonuses in participating policies. The fixed income portfolio includes cash and money-market instruments.
3. While Manulife (Singapore) Pte. Ltd. partly manages the assets of the participating fund, the following fund managers have been appointed to manage the assets.
 - (a) Manulife Investment Management (Singapore) Pte. Ltd. whose address is 8 Cross Street #16-01, Manulife Tower, Singapore 048424.
 - (b) Manulife Investment Management Private Markets (US), LLC whose address is 197 Clarendon Street, C-2, Boston, Massachusetts 02116.
 - (c) Manulife General Account Investments (Singapore) Pte. Ltd. whose address is 8 Cross Street #16-02, Manulife Tower, Singapore 048424.

4. **Investment Rate of Return**

Our participating fund can be separated into different participating sub-funds. The figures shown in the table below refer to the historical investment rates of return (after deducting investment expenses only) for the participating sub-fund to which this policy belongs.

	2022	2023	2024	Average over the last 3 years	Average over the last 5 years	Average over the last 10 years
Investment returns	-4.92%	10.06%	6.35%	3.63%	NA	NA

Please note that historical performance, if any, may not be indicative of future performance.

Changes in the economic and investment environment may affect the investment performance of the Participating Fund and the bonuses or dividends that you may receive.

5. **Total Expense Ratio**

The total expense ratio is the proportion of total expenses incurred by the participating fund to the assets of the participating fund. These expenses include costs such as investment, management, distribution, taxation and other expenses.

An expected level of expenses to be incurred by the participating fund has been allowed for in the premiums payable for your policy and is not an additional cost to you. If the actual level of expenses varies significantly from the expected level of expenses, it may affect the non-guaranteed benefits you may receive.

For our participating fund, the historical total expense ratios are shown in the table below.

	2022	2023	2024	Average over the last 3 years	Average over the last 5 years	Average over the last 10 years
Total expense ratio	2.35%	1.52%	1.54%	2.01%	2.40%	2.68%

Please note that historical expense ratios may not be indicative of future expense ratios.

Total Expense Ratio refers to the total expenses incurred by our total participating fund as a whole and is not specific to any participating sub-fund.

We work out the investment return and total expense ratio using the following.

Investment return	$\frac{2 \times \text{total net investment income (including realized or unrealized capital gain or loss)}}{(\text{market value of asset at start of year} + \text{market value of asset at end of year} - \text{total net investment income})}$
Total expense ratio	$\frac{2 \times \text{total expense}}{(\text{market value of asset at start of year} + \text{market value of asset at end of year})}$

Note:

This investment return reflects the investment performance of the participating fund alone. It does not reflect the actual return you will receive. Past performance is not necessarily a guide to future performance. The actual return you will receive depends on the actual bonus we declare. The capital gain is the increase in value of an asset from the purchase price. The gain is not 'realized' until the asset is sold. An unrealized gain is when the price of the asset rises above the purchase price but the asset is held and not sold.

Risks Affecting the Level of Bonuses

- The types of risk affecting the participating fund performance are shown below.
 - Investment
 - Expense
 - Mortality (rates of death)
 - Longevity
 - Other morbidity risks (e.g. risks related to terminal illness, critical illness, disability, loss of independence)
 - Persistency
 - Business risks:
 - providing guarantees to policyholders
 - the critical illness riders in the fund
 - changes in the population
 - marketing practices
 - meeting policyholders' reasonable expectations
 - regulatory changes
 - catastrophic events and epidemics of disease

We will decide on the level of bonuses taking into account the current performance and the future outlook of the participating fund.

- For the purpose of spreading risk, we group participating policies by type of product (whole life, endowment, single premium, regular premium, rider). All the risks mentioned above are shared among the policies in the sub-fund.
- We use a smoothing process when we allocate bonuses. During periods when the performance of the participating fund is above average, we will not distribute some assets as bonuses and we will set them aside as reserves for smoothing. During periods when the performance is below average, we use the reserves to support the bonus declared.

4. This product was launched in 2022. The reversionary bonus rate declared is as follows:

Year	Reversionary Bonus per S\$1,000 Sum Insured	Annual compounding rate on Accumulated Reversionary Bonus
2022	S\$2.00	0.20%
2023	S\$2.00	0.20%
2024	S\$2.00	0.20%

The surrender bonus rates and the claim bonus rates for the past 3 years (or less if the product was launched later) are consistent with the illustrated rates stated in the section on Bonus Features.

5. Past performance is not necessarily a guide to future performance.

Fees and Charges

- The types of expenses we charge to the participating fund are:
 - commission and override commission paid to agents or intermediaries;
 - investment fees paid to the fund managers for providing management services of the participating fund;
 - marketing, sales and advertising fees in distributing participating policies;
 - administration fees in new business underwriting and policy renewals;
 - employee salaries and benefits;
 - overhead expenses such as office rental, utilities and equipment rental;
 - legal, audit, consultant and other types of regulatory fees;
 - servicing arrangement with intra-group parties (related companies);
